Should credit be granted, I understand the following conditions under which credit will be granted:

1. Books close for the month of the 25th. Invoices dated after the 25th are considered to be dated the 1st of the following month.
2. Invoices billed prior to the 25th of the month are due on the 10th of the month following. A 2% cash discount will not apply on payments made after the 10th of the month. Accounts remaining unpaid past the 15th of the month will lose open account privileges.
3. On the 25th of the month a FINANCE CHARGE will be added to delinquent accounts in the amount of 1½% per month (an annual rate of 18%). The FINANCE CHARGE will be computed on the 25th of the month based on amounts billed in prior months which remain unpaid on the 25th.
4. It is expressly understood that credit beyond 30 days is not offered and that collection costs, attorney's fees and court costs expended in the collection of any account will be an additional cost of credit should it be necessary to employ someone else to collect the account.
